

Introduction

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. Since September 2002, school governing bodies have had three key duties towards pupils with a disability, under part of the DDA:

- Not to treat pupils with a disability less favourably for a reason related to their disability;
- To make reasonable adjustments for pupils with a disability, so that they are not at a substantial disadvantage;
- To plan to increase access to education for pupils with a disability.

This plan sets out the plan of the Academy Board to increase access to education for pupils with a disability in the three key areas required by the planning duties of the DDA:

- Increasing the extent to which pupils with a disability can participate in the curriculum;
- Improving the environment of the school to increase the extent to which pupils with a disability can take advantage of the education and associated services;
- Improving the delivery to disabled pupils of information which is provided in writing for pupils who do not have a disability.

It is a requirement that the Academy's Accessibility Plan is resourced, implemented, reviewed and revised appropriately. This plan contains a set of action plans showing how the Academy will address the priorities identified in the plan.

Definition of disability

Disability is defined by the DDA in this way:

"A person has a disability if he or she has a physical or mental impairment that has a substantial and long term adverse effect on his or her ability to carry out normal day to day activities."

The purpose and direction of the school's plan: Vision and Values

At Christ the King Catholic Academy and St Cuthbert's Catholic Academy, we are committed to giving all our pupils and staff every opportunity to achieve the highest of standards. We offer a broad and balanced curriculum and have high expectations for all pupils and staff. We promote the achievement and individuality of all our pupils irrespective of ethnicity, attainment, age, disability, gender or background. This plan is to be read in conjunction with the academy's Equality objectives, Teaching and Learning Policy, Health and Safety Policy, Special Educational Needs Policy and the Behaviour Policy, all published on the school's website.

We are also committed to offering an increase in access to the **curriculum** for pupils with a disability, ensuring that those with a disability are as, equally, prepared for life as are those pupils who do not have a disability; (If a school fails to do this they are in breach of duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the academy such as participation in after-school clubs, leisure and cultural activities or school visits - it also covers the provision of specialist or **auxiliary aids and equipment**, which may assist these pupils in accessing the curriculum.

We aim to be an inclusive school and actively seek to remove any barriers to learning that can hinder or exclude pupils. This means that equality of opportunity must be a reality for all our children:

- Girls and boys
- Minority ethnic and faith groups
- Children needing support to learn English as an additional language
- Children with special educational needs
- Children who are vulnerable.

We acknowledge that there may be times when this is impossible or inappropriate, despite our wishes or best efforts.

Information from pupil and staff data

We currently have children and staff from a range of backgrounds with a variety of needs such as Asthma, diabetes, eczema, hearing impairment, visual impairment. Epilepsy, and some rare syndromes (Hydrocephalus, Macrocephaly, Nephrotic Syndrome, Duchenne Muscular Dystrophy).

We liaise closely with parents and professionals to ensure we provide the right care for their needs. We also collect information from Early Years and other educational settings prior to pupils starting in Reception (or at other times in the year) so that we are prepared for their needs when they begin school. We offer regular access to Occupational Health for our school staff.

MAIN PRIORITIES OF THE PLAN

We take advice on support for pupils with disabilities and work with experts to ensure children have the necessary support to include them fully in the life of the Academy.

The Action Plan ensures that:

- The Academy draws on the expertise of external agencies to provide specialist advice and support
- The SENDCo has an overview of the needs of pupils with a disability
- There are high expectations of pupils with a disability
- There is appropriate deployment and training of learning support staff
- Successful practice is shared within the Academy and between partner schools
- This plan is reviewed annually
- Pupils, staff, parents and directors are consulted on the outcome and progress of the accessibility plan ensuring its development
